AND

Waste Management and Recycling Cluster

***“WEEENMODELS - Waste electric and electronic equipment - new model
for logistic solutions”***

Project No.: Life 12 ENV/IT/001058

According to grant agreement as of 9th September 2013 and its annexes of
the EU Commission

Project duration: 02/09/2013 - 31/12/2016

Website: www.weeenmodels.eu

PURPOSE:

The purpose of this MOU is to develop and expand a framework of cooperation between isw Institute for Structural Policy and Economic Development (Halle, Germany) on behalf of WEEENMODELS consortium and **Waste Management and Recycling Cluster** in the field of logistic solutions for waste electric and electronic equipment (WEEE). The cooperation should particularly include:

- Networking on WEEE related topics (legal framework, stakeholder involvement, logistics, means of increasing public awareness etc.),
- On-going exchange of information and good practices,
- Knowledge transfer and early involvement in future projects,
- Information on current events, regional news, and the overall project progress.

IT IS MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE PARTIES THAT:

This agreement in no way restricts isw or **Waste Management and Recycling Cluster** from participating in similar activities with other public or private agencies, organizations, and individuals.

This agreement is neither a fiscal nor a funds obligation document.
